

**JOHN S. MARTIN
MAY BE CALLED
TO NEW CABINET**

F. R. MacMillan of Sask-
atoon, Also Spoken of as
Meighen's Choice

Canadian Press
OTTAWA, July 8.—The Ottawa morning carrying the following item in its news columns:

"John S. Martin, Hon. John S. Martin, minister of agriculture, as the third member of the cabinet, has been mentioned as a possible candidate for the new ministry."

The other two members of the Ferguson and Attorney General Nichols have already been named as possible candidates for the new ministry. Of the three Queens Park ministers, Ferguson is the only one in Conservative circles last night, would be the most likely to avoid prevention of his appointment if the theatre of activities at Ottawa.

**SASKATCHEWAN MAN
IS TALKER OF**

Canadian Press
OTTAWA, July 8.—Among the cabinet members, Mr. F. R. MacMillan, Conservative candidate for Saskatchewan in the last general election, is the only one who has openly 189 votes behind him. Liberal only 189 votes behind him. Liberal only 189 votes behind him. Conservative three-cornered fight in which Mr. Kitchissippi, Progressive, polled 1,477 votes, while Mr. MacMillan, Liberal, polled 1,450. In the next elections, the Progressive candidate will be in majorities, and unless the Conservatives do something to a small majority last October gives rise to the hope that the Conservative candidate MacMillan would have a fair chance of winning. It is again a three-cornered fight in Saskatchewan.

Much Speculation

The Conservative candidate from Saskatchewan in the last house is being considered for a seat on parliament hill these days. Mr. MacMillan is also being considered among the possibilities from Saskatchewan.

While Conservative candidate in Moose Jaw last October is also suggested as a possible candidate from Saskatchewan. He also ran his a heretical opponent a close second in those contested right.

**ALCOHOL SHIP
CAUGHT IN ACT**

\$400,000 Worth of Belgian
Spirits Seized in Port
of Boston

Associated Press

OTTAWA, July 8.—An estimated \$400,000 to \$500,000 of Belgian alcohol was seized yesterday by United States customs officials on board the steamer "Vestris" bound for Boston. The seizure was the largest seizure ever made at this port since the Prohibition began.

The liquor followed a search of the craft that was started after receiving the waste paper which was held in 500 and 1,000 pound bags. The ship had a heavy wire screening and came under suspicion because beneath the coal they found about 200 drums of alcohol, each containing about 50 gallons. The crew also discovered 180 bottles hidden in the hold.

Captain August Ahlers, of New York, said 22 men were taken into custody.

**LORD CLARENDON
NOT COMING FOR
POLITICAL ENDS**

OTTAWA, July 8.—The visit of Lord Clarendon, under-secretary of state for foreign affairs, to Canada failed to do with present political conditions in Canada what he did in the two years and a half since he arrived here Wednesday night by Hon. Dr. J. Meighen, one of the most prominent members of the Canadian government.

Lord Clarendon's visit was arranged for long before the Meighen government came into office. Major White in Canada he will come with immigration questions only.

**Train Passes Over Child
but No Injury Is Done**

Canadian Press

PARKVILLE, Ont., July 8.—To have a fast pass over a railway track over which she was sleeping and emerge unharmed from the two-year-old daughter of Ralph Robinson, of East Weyburn.

The child over her life to the fact that she was sleeping in the train. The rails and did not move while the train was passing over her.

The child, however, wandered away from her home and eventually came to the station, where the cinders on the Canadian National tracks were burning. She lay down and fell asleep and the train passed over her.

**French Franc Finds
a New Bottom**

PARIS, July 8.— After a slight recovery from Tuesday's slump, the French franc today sagged heavily to a new low point, ending at 1.00 dollar on news that the Bank of France's statement would show an increase in the circulation of banknotes.

There is no doubt whatever that the franc will continue to decline until the defeat of the government was attempted on Friday.

The chief reason is the fall of the Rohr tariff, and the West Coast

THURSDAY, JULY 8, 1926

Why the Change of Address?

Speaking at Montreal on June 5, Hon. Arthur Meighen expressed his opinion of the character and status of the gentleman who has occupied the parliamentary seat for Peace River, in terms of which the following is the summary: "A member sits in the House with stolen goods and delivers the goods to the Government by supporting it."

This is the same member of course who on Friday was "delivered the goods" to Mr. Meighen, thereby putting him in a majority of one instead of a minority of one. And again on Tuesday, by contributing one to the ten majority Mr. Meighen was able to count for the Stevens motion of censure.

Gentlemen of the kind Mr. Meighen described do not commonly stop delivering goods at one address and start delivering them at another except for cause. Perhaps the Premier would be good enough to inform the country upon what terms he made himself the receiver of these stolen Peace River goods?

Something New in History.

Whichever it may choose to take the plough, the group of political adventurers which calls itself the Meighen Government must go to the polls with the stigma of parliamentary repudiation.

The illegitimate offspring of Conservative subterfuge and Progressive treason, the administrative freak was officially and formally disbanded by Parliament three days after it announced its advent.

The Mackenzie King Government was never defeated on a vote in the four and a half years of its existence.

The first and only time Parliament had a chance to express its confidence in this band of interlopers who have exalted themselves to the pretension of being Ministers it invited them to stand not upon the order of their going, but go at once.

Canadian history is more rich than it ought to be in examples of Governments, hanging onto power when they should have let go.

The associated Impudents now posing as heads of the departments at Ottawa are enriching the chronicles of the land with the spectacle of a "Government" that never was clinging to a power it never had.

Political Outlaws.

Whatever pundits of constitutional law may hold, the Meighen Government is in substance and fact nothing more than a usurper of place and authority to which it is not entitled.

It was quite within Mr. Meighen's right and in accordance with the law to form a Government when asked to do so.

But a Government has no right to continue to exist and function in defiance of a declaration of want of confidence from Parliament.

When the Progressives who had deserted the Mackenzie King Government and thus placed him in power refused to sustain the Government as they did on Wednesday night, the course for Mr. Meighen was plain and straight.

He should have followed the example of his predecessor and tendered his resignation.

Dodge as he may through the alleys and byways of politics, Mr. Meighen has no more justification for calling himself Premier than the private members whom he has put in charge of the administration of departments have to dub themselves Ministers.

From top to bottom and front to back that what he has done is to betray the Canadian people better than a band of political interlopers holding office without oath, exercising power without responsibility, making mock of representative Government, condemned by the Parliament who elected and trading on the name and credit of the representatives of the King.

Time to Declare War.

Edmonton has paid out \$500 to bops and girls for the uprooting of the sow thistle, at the rate of 25 cents for each fifty thistles brought in. With no apparent scarcity in the visible supply of thistles, we can't afford to pay for bounties.

From what a person is personally aware of it may know that the sow thistle measure is not a bad but a fact.

This crop pest has invaded Central and Northern Alberta with intent to take possession of the land. For it is a pest that not only produces the heat wheat in the world, it produces also the most luxuriant crops of sow thistles that will rob land of its fertility and farmers of the chance to make a living.

Edmonton seems destined to become a distributing centre for the seeds of the new thistle. It will cost money, time and labor, to extirpate this vegetable scourge from the gardens of the city. But it will cost Edmonton a good deal in loss of time and disappointment if the extermination is not done now.

Either the sow thistle must be destroyed now or the cost of farming in Central and Northern Alberta will go up as farmers have to fight the weed, and the profits of farming will go down as the cost of the seeds, the up-building materials of the land goes up.

The Provincial Department of Agriculture and the municipal councils of this district should join forces in a concerted and unceasing war upon this plunderer of the soil. If that is not done the historic and large sections of southern Manitoba will be reported on a vaster scale in Central and Northern Alberta.

Just Folks

by Edgar A. Guest

A TAILOR'S DILEMMAS

My tailor says, the wife I stand
Before his oval mirror grand:
"That suit is perfect. Just behold
How well it fits, how trimly styled.
It suits your figure to the dot.
And really builds you up all the time."
He says, "I'm glad you like it, too.
What wrinkles show are in your face.
It looks like a man who's built well.
My friend, I'll say that suit is swell."

A few days later, head erect,
I let the wife that suit Iaped.
She says, "I'm glad you like it, too.
And merrily says, "Oh, Gosh!
I wish you had a little taste!"
Then she says, "I'm glad you like it, too.
Stand up for just a minute, please.
The trousers bag about the knees;
That's the way I like my men to dress.
They've sold to you a flour sack."

"The pattern of the cloth is wrong.
It makes your skinny form too long.
The waist is too tight, the coat is too tight.
I'd call that fit a fit of fright.
No, sir, I'm glad you like it, too.
You can't wear a double-breast.
You look like one, the coat should shoot.
My dear, I'm glad you like it, too.
They must have made it in the dark!"

Which seems a most unkink remark.

Oh, tailor, do the best you can.
But don't let me have a man.
Rest not content when I declare
The garment one I'll proudly wear.
Through the day, through the night,
The jacket just the thing for me.
You have seen me, have you not?
Oh, when you know who am I?
A tailor leads a double life.
He has to please both man and wife.

Dr. Crane's Editorial

QUALIFICATIONS

Out in the West impassioned oratory was used to let people know that the man who was to be chosen for the principality of a new million-dollar high school was as good as he qualified for the place because he was "a real man who never had a goit in his life."

Up until 1905 in China the basic form of education in public office was an examination in Confucian Occidentals, laughed at this temporary reasoning.

It is no more absurd than the kind of quirk cited here, that the Chinese examination in public offices requiring both skill and special training.

For the election of heroes there is given a lesson with saying that a certain make of automobile is best.

The reason that the old black hen laid two eggs

Do You Remember?

FOUR YEARS AGO

From the Edmonton Bulletin, Saturday, July 3rd.

E. Blackton had a narrow escape from lightning during a thunder storm. He was in his workshop when the lightning entered by the open window, struck a bar of iron close to him and exploded.

The panic caused by the ladies of All Saint's church, who were gathered in the basement, was great, the reverend father of Rev. Canon Newton, was a brand new priest.

Capt. Doherty of the 55th, who was in command of the company stationed at Saskatchewan last summer, was elected a Montreal constituency for the Quebec Legislature.

McKay and McKinley, telephone line repairers received a telegram from the manager of the Bell Telephone Company on Sunday. Stones fell as large as the eggs of a hen.

It may please some of the teamsters who were docked on either time or rate for their services with the telephone company to note that the telephone team and then the private property of Major Bell received 11 days from the beginning of the outburst of stones before the telephone line was repaired.

It is a remarkable record for a man who was paying \$450 a day to teams to haul freight for the telephone company.

KEEP THIS ANNOUNCEMENT FOR FUTURE REFERENCE

Invest in a basic Alberta Industry

THIS is the Age of Oil — an era of Industry in which Petroleum has forged to the front rank among natural resources — the prime ally of Industry. To suddenly shut off the supply for one day would seriously cripple the work of the world and lose millions of dollars.

Alberta has come into the spotlight as one of the world's greatest petroleum fields. At this moment we are on the very threshold of big production. Authorities agree that within a year we shall have taken our place as the very greatest petroleum area in existence.

One Alberta oil well alone is producing \$2,000,000 a year. . . . At the very door of Edmonton is the Wainwright field, only a part of the great oil area of the Province, the development of which is already under way.

AT PRESENT Canada pays to the United States about \$120,000,000 a year for petroleum and its products. Here in Alberta alone, with boundless potential oil supplies at our door, we pay millions annually for gasoline. High proportion of the sum is paid for refining and transportation charges from United States to Canada.

Eighty per cent of all the profits in oil, according to the report of the United States Investigating Committee which dissolved the Standard Oil Trusts was made by those who refined and marketed the oil.

It is obvious that even at our present stage of oil production in this Province a Refining and Distributing Company is an enterprise for which there is a splendid waiting opportunity.

IT WAS in answer to this opportunity that the Alberta Refineries Ltd., was organized and a refining plant installed. That the enterprise is justified is amply proved by the widespread and enthusiastic response of the consuming public when the product "PEP", a high-grade gasoline was put on the market. . . . Today the first plant capacity of 1,000 barrels of crude oil a day, is unable to cope with the demand. Another plant of 500 barrels capacity is projected and this will take care of not only the present output of the Wainwright field, but crude oil from other fields as well.

THE purpose and program of the present organization, "Refineries Distributors Ltd." (shares of which are now offered to the public) is to market and distribute "PEP" products and to erect a "Cracking Plant" which will extract from the crude oil of the Wainwright field as high as 50% to 70% of gasoline. This is a highly important economic process at the present stage of crude oil production.

The immediate distributing program of Refineries Distributors Ltd., includes the erecting and maintaining of Service Stations for the marketing of "PEP" gasoline and "PEP" products.

The success of this organization is practically assured. The details in which the investor will be closely interested are given below.

"Petroleum is one of our most valuable natural resources. . . . The refining of petroleum must become our foremost industry".

"PEP" is the appropriate name given to the gasoline product of Alberta Refineries Limited, produced from the crude oil of the Wainwright field.

"PEP" has justified its name as a lively, volatile, anti-knox gasoline which motorists insist upon after once having used it. Today the present "PEP" plant is inadequate for the demand.

A second plant, however, is projected and when completed will at once relieve the demands and increase the profits of the company.

With the addition of the cracking plant unit to be erected by the Refineries Distributors Limited there will be a supply sufficient to expand in highly profitable proportion the distributing activities of this company.

+ Cracking Plant

The question which immediately arises in the lay mind, confronted with the proposition of the Cracking Plant, is: "What is there in crude petroleum, besides a natural rendering, that can not be refined to gasoline by the ordinary distilling process?"

A quotation from a lecture by a professor Gustav Egloff, of the research laboratories of the Universal Oil Products company, Chicago, delivered before the oil section of the American Institute of Mining and Metallurgical Engineers, on February 15, 1926, answers this question:

"One of the wonder oil fields of the United States is the smack-over Arkansas, which is still producing 180,000 barrels per day. . . . The oil (180,000 barrels per day, or over 100,000 barrels per hour, 21, 1925), is heavy oil. The oil, of asphaltic characteristics, is not very satisfactory as a fuel oil due to its emulsified water, high sulphur content and other properties.

"The general inquiry when a new smack-over is being brought in is what will they do with it after they get it?"

"One leading oil man stated that smack-over 'Heavy crude had everything in it, it should not have for a refinery.' Yet, despite these pessimistic statements, smack-over heavy oil is being cracked. Smack-over heavy crude oil production of 16,000 barrels daily can be converted into 81,500 barrels of gasoline per day by the cracking process."

The results achieved from the Keven Supply Company's process, which will be accomplished by the Cracking Plant in treating the crude oil from the Wainwright field, as the chemical composition and gravity of the oils are almost identical.

"The Dubbs Process is so flexible that it converts any type of oil without change of principle or apparatus into gasoline. Commercial plants are in operation or under course of construction in various parts of the world, such as Japan, Borneo, Java, and Dutch West Indies, Australia, Hispania, and many parts of the United States."

NOW

Refineries Distributors Limited

Capitalization ~ \$1,000,000

90,000 Shares, Preferred, \$10 Par

100,000 " Common, \$1 "

DIRECTORS:

JOHN L. MERCER, Edmonton, Alberta, President.

M. C. HAMMOND, Edmonton, Alberta.

J. C. C. BREMNER, Clover Bar, Alberta.

A. B. MACDONALD, Edmonton, Alberta.

W. A. TRIMBLE, Edmonton, Alberta, Secretary-Treasurer.

SWAN SWANSON, Edmonton, Alberta, Director.

Refineries Distributors Ltd. was organized with a Dominion Charter, capitalized at \$1,000,000, divided into 90,000 8% Preference Shares with a par value of \$10.00 each; and 100,000 Common Shares with a par value of \$1.00 each. Paid up capital is \$200,000.

The company was organized to market the "PEP" products of the Albert Refineries Ltd., and also to produce gasoline and other products from crude petroleum by means of cracking plant, this plant employing the Dubbs process, a great scientific and economic advance over the ordinary refining plant, extracting from 3 to 5 times as much gasoline from the crude oil.

The present issue, for the purpose of carrying on the immediate program of the company, is 30,000 Preference Shares, of which 10,000 shares have already been sold. Shares, of which 10,000 shares are offered in units of 1 at par. The Preference Shares are offered in units of 1 at par \$10.00, and each of these Preference shares carries a bonus of 1 Common Share.

The initial program of the company is to erect and maintain a number of Service Stations throughout the Province for the marketing of "PEP" gasoline and petroleum products, a profit of 3c per gallon clear of

freight being available from this source alone at the present market prices.

Also to erect a "Cracking Plant" at a cost of \$150,000. This will have a capacity of 1,000 bbls. of crude oil and will produce from this a minimum of 300 bbls. of anti-knox gasoline every twenty-four hours. At 35 gallons to the barrel, this shows a total output of 17,500 gallons a day.

Apart from the individual profit of the cracking plant unit working at capacity, the output marketed through the service stations shows a distributing profit of \$525.00 per day net. This alone will show a handsome dividend on a \$1,000,000.00 capitalization in addition to the 8% per annum on the preferred shares.

Detailed figures will show this enterprise to be one of the very highest potentiality for profit. We shall be pleased to send a digest of the situation, based upon actual conditions, to the earnest investor.

In the meantime the soundness of the proposition will appeal to the investor who realizes that these pioneer enterprises in industry based directly upon natural resources, reap the rich reward.

Large Number New Immigrants Headed for Alberta

INFLUX STARTED LAST JANUARY IS CONTINUING

Season's Arrivals to Date Exceeded All Years Since 1914

The influx of immigrants still continues. As a rule May sees the end of the season, but so far this year over a few months in June, July and August see many new arrivals. This season has been an exceptionally heavy one so far as new settlers are concerned and to date has surpassed any year since 1914 in number coming in.

A group of 100 Ukrainians arrived from the Trans-Siberian Railway this morning and placements were immediately made on farms in the area. In all, nearly 18,000 more Ukrainians destined for Edmonton have come in since Friday and come in ever since.

500 More for West
Now there are 1,000 representatives of the Canadian National Colonization department, this morning received 1,000 immigrants and Saturday 800 central Europeans were received, which will be a large percentage which will be sent to Alberta. In addition a party of 1,000 Germans arrived yesterday on the C.N.R. Friday morning followed by another party of 40 going to the Pauls.

N. W. Atkinson, local representative of the Dominion Colonization Company, advised his Winnipeg office that 1,000 immigrants had arrived at Quebec July 4 from the Atlantic coast and were en route to points along the Vegreville-Vermillion line.

HEAVY RAINS SOAK SOUTH

Alberta, Saskatchewan and Manitoba All Participate in Drink

REGINA, SASK.—July 6.—Heavy rains sweep the south of Saskatchewan as a most trying period of the year continues to bring crop development. Several days of great heat during the fast growth period had brought some additional moisture. It is estimated that the rain will add to the yield of the District, accompanied in only a few spots by a slight frost damage, from which will not be large.

The rain was large enough at short time to somewhat affect an increase generally during the past several days.

Dr. W. A. Atkinson returned last night to the city after spending a month in Ontario.

When the Northern Alberta Old Timers Association officially opens its Old Timers Room at the exhibition grounds July 12, an exhibition room containing the names of the members of the association and the dates on which they arrived in Alberta, will occupy a prominent place on the wall of the long hall which is to be the future meeting place of the pioneer men and women of this section of Western Canada.

Mrs. T. A. Griffin, of Seattle, has arrived in the city to await her husband who is on his way here after spending the winter at Akkala.

HITTING BULLS EYE

J. E. Niven, saw mill proprietor of Lovette, is in the city on a business trip.

Pete Lazotte who has been visiting friends in the city for the past two weeks, is back again for his home at Fort Vermillion.

Checking up the relief accounts of the city and provincial government, he is now in Ottawa, where he will remain until October.

Alfred Ladret was remanded for trial by Magistrate Primoine Thursday afternoon. The charge against him was that he had fixed a personal surety of \$200 each.

Six prospective Alberta farmers called at the Board of Trade office yesterday for loans and information regarding Alberta. Two came from south western Saskatchewan, one from Washington and two from Nebraska.

Edmonton bank clearings are still climbing and this week were almost double those of the previous week, corresponding week last year. Clearings for the month of June ended July 1, 1926, are \$16,193,520, against \$10,208,514 for the same period in 1925.

Street railway earnings still show a steady increase. For the week ending July 4, the amount due to the City for electric power by the City power plant is increasing rapidly as is shown by figures given by the manager of the plant. For the week ending July 4, in which the amount was \$7,141 K.W. hours, the amount due to the plant was \$10,000, or \$2,859 more than for the same period in 1925.

City Council by resolution will meet tonight at 8:30 p.m. Multitudes to be considered are, connecting the new bridge with the old, offices and overhanging signs. The new bridge will be built on the site of the old and laundry bays also will be demolished.

One month at the Fort Saskatchewan Court this morning when accused of having sold whisky to the tune of \$500, the property of Julius L. Alvarez, was sentenced by Justice Stevens to 10 months in prison. He was remanded to remain in force by the new Meighen government.

LAWMAN KILLS EIGHT

SAKASSET, July 7.—Intervened here today, prior to his engagement to the police force, was the Royal Men's Club of Toronto. Hon. H. H. Angus, president of the club, tactfully admitted that reduction of the tariff on motor cars brought him to the conclusion that it would be wise to remain in force by the new Meighen government.

One of the finest art exhibits ever seen in the west will be on display at the exhibition this year. The exhibit of old and modern works of

Honor To Whom Honor Is Due!

N. S. PREMIER URGED TO JOIN MEIGHEN GOVT.

Announcement of New Cabinet May Be Made on Friday

Exclusive to Bulletin
OTTAWA, July 7.—Premier Meighen is in Montreal today trying to arrange for Queen's University to expand its name to the capital Friday.

OTTAWA, July 7.—Premier Rhodes, of Nova Scotia, is in Ottawa and is understood to have been in conference with Premier Meighen. Premier Rhodes' name is mentioned as a possible appointment to the Meighen government.

Announcement of the election date, and possibly the names of the members of the new cabinet is expected by the week-end.

The new cabinet is to be understood as devoting its main to assume nearly all, if not all, the portfolios.

Among the Liberals preparations for the campaign are under way. A number of former ministers have gone to their constituents at various parts of the country. Hon. Ernest Lapointe and Hon. J. A. Robb,

Hon. W. L. MacKenzie King, Liberal leader, has been in Ottawa between his summer home just outside the city and his residence except nomination for Prince Albert. If it is to be held.

In Whitehorse, B.C., Mr. James E. White, former Conservative member of parliament, announced that he was withdrawing in favor of Hon. E. L. Patenaude. Mr. Patenaude has been in Ottawa offering himself for re-selection.

The latest news from the journal edited by Hon. George Howe gives prominence to a report that Sir Robert Borden, former prime minister, has been invited to join the new Meighen cabinet.

INEBRIETY HELD POOR EXCUSE

The honor roll contains nearly 800 names and its unveiling will form part of the opening ceremony which follows the Old Timers' exhibition on the day of its opening.

Old time players are already gathering in Edmonton for the occasion, many of them coming from the coast and California to visit their friends of the 80s. The "Room" will be the rendezvous of old timers all exhibition week, committees of Edmonton women

members of the association taking on the work of acting as official hostesses daily. A register of callers will be kept, and photons from the "Room" will be sent to the "Room" there.

Above picture shows the shield to be unveiled. The work has taken seven weeks to complete, and when finished it will be framed and hung in the place of honor in "The Room."

Circus owners watch, keep very close report of a district very closely, and the fact that the Sobeys' family has been booking through Alberta again this summer after one circus already has been booked in the province.

Above picture shows the shield to be unveiled. The work has taken seven weeks to complete, and when finished it will be framed and hung in the place of honor in "The Room."

REQUEST FOR RECOUNT MADE BY M'CORMACK

Joe Clarke Says Returning Officer Suggested Whole Proceeding

OBJECTS TO BEING HELD RESPONSIBLE

Declares Count Was Confusing Even to Officials of P. R. League

Demanding that he had impeded Returning Officer J. J. McCormack for an informal recount of the Edmonton ballots in the provincial general election of June 28 Joseph A. Clarke, Independent candidate for Edmonton in the provincial election; issued a statement Thursday declaring that the suggestion for the informal recount actually came from Mr. McCormack himself.

"We will hear more about this after the election," he said. "I would like to make it appear that he was impeded or bluffed into considering the recount, but I do not know if he had turned it down, when as a matter of fact, the whole question was left open by the returning officer." I am aware of his suggestion alone," Mr. Clarke said. "At no time did I find any candidate assuming the onus of putting any new question to the returning officer."

Why Request Was Made

"If it would be possible to look at the ballots claimed as invalid by the returning officer, the groups before either Farmilo, Bowes or myself would have been able to do this, but I do not believe that this could not be done, although my agent informed me that the returning officer selected his ballot paper haphazardly after the returning officer had made his check. It is little far-fetched to consider the idea that I did not know that a recount was being considered even to the point of making a formal request for one."

The informal request made him in the presence of the returning officer and Mr. McCormack was made at the time when the returning officer after all present had agreed to the suggestion which came from the returning officer.

"It was not until July 4 that Mr. McCormack suggested that if some one made a formal application for the recount suggested by him, he would be willing to consider making any demand for a recount of the votes cast in the election. In the same position and Mr. Dugard said it was hard up to him, as it now stands, to say that he would do as announced. I then said he could take the matter up with the returning officer who was dissatisfied with the formal scrutiny the legal request could bring."

Sees Gross Deception

"It is my opinion that the publicized claim of a gross deception being practiced upon the residing public is not true. It is my opinion that it is remembered that everybody appeared to be in agreement that the count from 13 midnight till about 4 a.m. and again from 4:30 a.m. to 5 p.m. that the ballots were counted and nothing done in that time. It was the opinion of the returning officer that when the papers were up in the air, it surely is not reasonable to expect that 100 per cent of electors have expressed a desire for an informal audit and judge's decision on many ballots."

300 TEACHERS ARE ENROLLED

Classes at Summer School at University Are Under Way

An attendance of 300 at the combined summer schools of the department of education and the university was reported yesterday afternoon. Of this number 250 are students in the summer school for teachers and the others are pursuing studies under the university.

The organization of the students continues to increase with the result that now that the classes are all under way, it is evident that the time will be chosen Thursday with the exception of the summer students, probably on Friday.

The sports and entertainment program has been well planned and begun by the beginning of next week. The sports director of the summer school for teachers stated yesterday.

2 Pay Fines Under Compensation Act

For failure to comply with the portion of the Workmen's Compensation Act which requires the payment of wages to a workman while an employer he must notify the compensation board of the amount of remuneration, a statement of the total amount of wages earned by all men employed during the period of his employment, and the name of the employer. W. Wallant, auditor of the board, were summoned to court at 10:30 a.m. yesterday. The fines imposed were fined \$4 each.

"Bath Tub Mermaid" Not Happy Over Notoriety

McDonald Lauds Miss Margaret Bondfield

CANADIAN PRESS

CHICAGO, July 8.—Mrs. Margaret Hawley, "the lady of the bath," in Earl Carrington's famous bathtub, was not happy over her mother and brothers and a sister Wednesday morning. She said she had eaten delicacies for the first time since the accident.

"Tell all foolish little stage struck girls, that eat what nothing else can eat," she said. "I have never been so good. It's bad and it hurts."

CHICAGO, July 8.—Mrs. Margaret Hawley, 27, whose home is at Mountain Park, is in a dangerous condition at the hospital. She was admitted to the hospital with a fracture of an arm following an auto accident in which she was thrown from the car rolled over pinning her neck and back. The other members of the party were unharmed.

AMERICAN TENNIS STAR'S THIRD FINGER RING IS EXPLAINED

Associated Press Cable

EDMONTON, July 8.—A beautiful pearl ring on the third finger of her left hand caused reports that Helen Wills, the tennis champion, was engaged to be married.

Helen's mother, however, explained that the ring was given her by Helen's boyfriend, and that Helen has worn that ring on her third finger ever since. She believes a woman is to wear a ring on the third finger of the left hand before she becomes engaged.

DATES SET FOR 73 FAIRS; 51 DUE IN AUGUST

Fifteen of Alberta's Annual Shows to Be Held This Month
